Draft Revised Charging Schedule Examination**

Examiners Questions – Draft Revised Charging Schedule

To: Poole Quay Forum

EQ3

1 The Examiner notes that, in Examination Document ED04 – Statement of Representations and Summary of Main Issues, the Council sets out a substantial response to representations made during the consultation period of the Draft revised Charging Schedule (DrCS). At paragraph 59 of this document the council refers to your representation (although the first sentence is unfinished). Below that, in paragraphs 61 to 67, the Council sets out a reply that includes responding to what is said in the Forum’s representation.

2 You are invited to make any reply to this for Mr Kemmann-Lane’s consideration of the issues at the Hearing and when arriving at his recommendations when reporting to the Council.

3 Your reply should be with Mr Ian Kemp, the Programme Officer by close of business on Monday 3 September 2018.
