### Notes and Sources:

1. ONS mid-year estimate, 2016
2. Annual Population Survey (APS), Oct 2016 – Sep 2017. Numbers are those aged 16+. Percentages are rates among those aged 16-64, except that for the unemployed which is a percentage of those who are economically active. "In employment" includes those on government training schemes.
3. Dec., 2017. ONS. These claimants are available for and capable of work. The rate is the claimant count expressed as a percentage of those aged 16-64 in each category.
4. Annual Survey of Hours and Earnings (ASHE), 2017 (provisional). Gross, excluding overtime
5. Annual Survey of Hours and Earnings (ASHE), 2017 (provisional). Gross, excluding overtime
6. November 2017. Land Registry. (Not simple averages.)
7. Ratio of lower quartile house price to lower quartile full-time earnings of those who work in the area, 2015. DCLG
8. Valuation Office Agency. Survey for year ending Sept 30, 2017.
9. APS, Jan 2016–Dec 2016. Percentage of resident population aged 16-64.
10. APS, Jan 2016–Dec 2016. Percentage is of households with at least one person aged 16-64.
