

Ward Profile – Canford Heath West

Produced by the Corporate Research Team, Borough of Poole – Mar 2016

Purpose of this profile

The ward profiles provide an ongoing information update on social and economic data for all of Poole's sixteen wards. Each profile compares against average Poole figures. As far as possible the statistical information within this document is the most recently available at the time. Data sources are identified for each chart and table.

These profiles use data from the 2011 Census however more in-depth Census Ward profiles were produced by the Corporate Research Team in August 2013. Please go to www.boroughofpoole.com/2011census for more information on the 2011 Census.

Ward boundaries were changed slightly in 2014. These profiles are based on boundaries prior to this date. New profiles will be prepared for the new ward boundaries in due course.

Overview

There is a clear sense of community between Canford Heath West Ward and Canford Heath East Ward. Many residents would consider Canford Heath as one whole area that has developed together jointly since the 1960s. An example of this would be school catchment areas which cover across Canford Heath as a whole. Therefore this ward profile should be considered alongside the ward profile for Canford Heath East.

Canford Heath West is located near the centre of Poole, and shares boundaries with Merley and Bearwood, Broadstone, Creekmoor, Oakdale, Canford Heath East and Alderney. Part of Canford Heath, one of the largest remaining heaths in Dorset covers the northern part of the ward. Nuffield Industrial Estate covers the southern part of the ward. There are many local facilities located within the ward boundary including a Children's Centre, Primary and Secondary schools, doctor's surgeries, dentist, supermarket and a post office.

Political Representation

Canford Heath West Ward is represented by two Conservative councillors, Sean Gabriel and Ray Tindle.

Both councillors were last elected on May 7, 2015. The Ward's electorate was 5,228 and turnout was 67.9%.

Shaping Poole Survey

The [Shaping Poole Survey](#) asked for opinions about what it's like living in Poole, experiences of local public services and issues such as community safety. It updates the 2008 Place Survey to provide valuable, robust evidence to the Council and its partners (including the police, health, business and community representatives) about what is important to Poole people and where improvements are needed to shape service planning and policies.

The survey was posted to 5,500 households selected at random. 2,265 responses were received (a response rate of 41%). Overall the [headline results](#) of the survey paint a very positive picture of Poole, with:

Improved perceptions of all local public services

- Increased satisfaction with the Council, individual council services and improved perceptions of value for money
- Increased public confidence with community safety issues
- Improved community cohesion, but room for improvement
- Slight decrease in residents with good health

The Shaping Poole Survey results are for Safer Neighbourhood Area because the data is less reliable at ward level³. Canford Heath West Ward is within the

Creekmoor, Canford Heath East & West Safer Neighbourhood Area. Some key findings for this Safer Neighbourhood Area were:

- Significant increase compared to 2008 in the proportion of residents that agree the police and local public services are dealing with anti-social behaviour and crime in the local area (+11.6%, Poole: +11%)
- Significant decrease compared to 2008 in the proportion of residents that reported their health as being very good or good (-7.1%, Poole:-3%)

A [summary presentation](#) of the results is also available providing more detail
