

Ward Profile – Oakdale

Produced by the Corporate Research and GIS Teams – Mar 2016

Purpose of this profile

The ward profiles provide an ongoing information update on social and economic data for all of Poole's sixteen wards. Each profile compares against average Poole figures. As far as possible the statistical information within this document is the most recently available at the time. Data sources are identified for each chart and table.

These profiles use data from the 2011 Census however more in-depth Census Ward profiles were produced by the Corporate Research Team in August 2013. Please go to www.boroughofpoole.com/2011census for more information on the 2011 Census.

Ward boundaries were changed slightly in 2014. These profiles are based on boundaries prior to this date. New profiles will be prepared for the new ward boundaries in due course.

Overview

Oakdale Ward is located in the centre of Poole and shares boundaries with Creekmoor, Poole Town, Parkstone, Newtown, Canford Heath West and Canford Heath East Wards. A retail park and industrial area runs along the western boundary by Holes Bay. The rest of the ward is mainly residential, with Parr's plantation (predominantly woodland) located in the north east of the ward, and Oakdale Park and Play Area in the centre. There is no dentist within the ward boundaries, however, one is located within 250 metres in Poole Town Ward. There are two doctor's surgeries and five schools located within the ward boundary.

Political Representation

Oakdale ward is represented by three Conservative Party Councillors: Peter Adams, Ian Potter and Janet Walton.

All three councillors were last elected on May 7, 2015. The Ward's electorate was 8,152 and turnout was 65.0%

Community Safety

Crime statistics from Dorset Police² over the period of April 2012 – March 2013 showed that there were 29 incidents of recorded crime per 1,000 people in Oakdale. The rate for Oakdale was lower than the Poole overall rate of 41 incidents per 1,000 people.

Shaping Poole Survey

The [Shaping Poole Survey](#) asked for opinions about what it's like living in Poole, experiences of local public services and issues such as community safety. It updates the 2008 Place Survey to provide valuable, robust evidence to the Council and its partners (including the police, health, business and community representatives) about what is important to Poole people and where improvements are needed to shape service planning and policies.

The survey was posted to 5,500 households selected at random. 2,265 responses were received (a response rate of 41%). Overall the [headline results](#) of the survey paint a very positive picture of Poole, with:

Improved perceptions of all local public services

- Increased satisfaction with the Council, individual council services and improved perceptions of value for money
- Increased public confidence with community safety issues
- Improved community cohesion, but room for improvement
- Slight decrease in residents with good health

The Shaping Poole Survey results are for Safer Neighbourhood Area because the data is less reliable at ward level³. Oakdale Ward is within the Poole Town and Oakdale Safer Neighbourhood Area. Some key findings for this Safer Neighbourhood Area were:

- Worst area in Poole for residents who feel they belong to their local neighbourhood (48.4%, Poole: 55%)
- Significant decrease compared to 2008 in the proportion of residents that were satisfied with their local area as a place to live (-8.3%, Poole: -1%)
- Significant increase compared to 2008 in the proportion of residents that agree the police and local public services are dealing with anti-social behaviour and crime in the local area (+6.5%, Poole: +11%)

A [summary presentation](#) of the results is also available providing more detail.

² The Dorset Police Force Crime Statistics are published at: <http://www.police.uk/> where you can view statistics from Force level down to your local Safer Neighbourhood Team level.
